

4th Parenting Seminar

Youngsters online: A new challenge for parents

Thursday 6th February 2014

ISL Upper School Auditorium @ 6.45pm

Families and the Internet

The Internet is undeniably part of the world our children live in. Families play the most important role in teaching their children how to be safe. Yet parents may feel uncertain how to prepare their children for a world where they have easy and uncontrolled access to the Internet.

Luxembourg based BEE SECURE will present to our families on the new challenge for parents – **“Our children on line”** and offer advice and ideas for a positive online life for your family.

Sign up by email: lgervais@islux.lu, or call Lou Gervais on 2604 4205
